CP-1 Strategies are ideal for Law Enforcement Officers, City Planners, City Managers, City Council Members, Architects, Security Consultants, Educators or anyone involved in deterring crime in their neighborhoods, city or work environment.

The CP-1 class will include the History and Principles of Crime Prevention, Concepts of Security, Security Alarms, Security Lighting, Locks, Doors, Windows, Glass, Closed Circuit Television (CCTV), Checks and Credit Cards, Shoplifting Awareness, Internal Theft Awareness, Robbery Awareness, Operation Identification, Neighborhood Watch Program Overview, Crime Stoppers Program Overview and home security inspections surveys to include Liabilities and Resources. Participants receive hands-on training and will conduct a crime prevention home security inspection. Participants are introduced to the latest security technologies and industry security standards.

This course is open to all law enforcement agencies and their deputies/officers and/or civilian law enforcement employees or volunteers that support local community crime prevention and/or community policing community-based initiatives.
