The radar trailer has been deployed at various CISD school zones after the start of school this month. Comal Elementary, Hoffmann Elementary, and Smithson Valley H S have been areas of deployment.

The trailer gives motorists immediate feedback as to how fast they are driving, allowing them to adjust their speed to comply with the posted speed limit. The unit has a positive effect on the average speed in the area it is deployed. In the event a motorist decides to ignore the hint they are driving too fast, deputies have been known to work radar near the sign. Fair warning!

Subject: New Law Passed on "Saluting the Flag"

WASHINGTON, D.C. - U.S. Senator Jim Inhofe (R-Okla..) today praised the passage by unanimous consent of his bill (S.1877) clarifying U.S. law to allow veterans and servicemen not in uniform to salute the flag. Current law (US Code Title 4, Chapter 1) states that veterans and servicemen not in uniform should place their hand over their heart without clarifying whether they can or should salute the flag.

"The salute is a form of honor and respect, representing pride in one's military service," Senator Inhofe said. "Veterans and service members continue representing the military services even when not in uniform. "Unfortunately, current U.S. law leaves confusion as to whether veterans And service members out of uniform can or should salute the flag. My Legislation will clarify this regulation, allowing veterans and servicemen alike to salute the flag, whether they are in uniform or not. "I look forward to seeing those who have served saluting proudly at Baseball games, parades, and formal events. I believe this is an appropriate way to honor and recognize the 25 million veterans in the United States who Have served in the military and remain as role models to others citizens. Those who are currently serving or have served in the military have earned This right, and their recognition will be an inspiration to others." This Bill was passed July 25, 2007. Let your veteran friends know About the Passage of this Bill.

**Bexar County Sheriff's Office** and  
**The Intelligence Project**  
of The Southern Poverty Law Center  
Montgomery, Alabama

**“HATE IN AMERICA TODAY**  
**A National Overview of Far-Right Domestic Terrorism”**

September 18, 2007      8:00am – 5:00pm

\*\*\* *THIS COURSE IS TUITION FREE* \*\*\*

**Class Description:** This session examines a wide variety of hate groups currently active in the United States – their history, activities and leaders. Beginning with a broad overview of the various factions of the hate movement, which include the Ku Klux Klan, neo-Nazis, racist Skinheads, black supremacists, and others, it will then focus on the most prominent national organizations and state and local chapters. The session will also examine various Internet techniques that would enable the learner to compile pertinent information on possible domestic terrorist/hate groups and their followers and to create profiles that could be analyzed to determine if certain groups warrant further investigation as domestic terrorists.

**The Instructor:** Joseph T. Roy Sr., Chief Investigator of the Intelligence Project of the Southern Poverty Law Center (SPLC), has been with SPLC since 1986. During that time he has gathered evidence for several successful lawsuits against organized hate groups, including a \$6 Million judgment against the most notorious neo-Nazi organization in the United States. As chief investigator, Mr. Roy gathers intelligence on extremist activities nationwide, assist the U.S. Justice Department and other law enforcement agencies in criminal investigations involving these organizations, and trains law enforcement and community groups on the threat of domestic terrorism. He is called on as an expert in domestic terrorism by the national media and has testified before Congress on the subject. He serves as an instructor for the Federal law Enforcement Training Center's Hate/Bias Crimes training course, and is a certified instructor with the California POST. Before joining SPLC, Mr. Roy served with the Montgomery, Alabama Police department, most of his service with the Intelligence Units and the Robbery/Homicide Division.

**The Intelligence Project** monitors hate groups and extremist activities throughout the United States and publishes the Center's award-winning *Intelligence Project*. It also offers training to help law enforcement officials and human rights groups combat organized racism, including an online hate training course for law enforcement professionals. The project began monitoring hate activity in 1981 and today tracks more than 800 hate groups around the nation.

The course will be held at the Bexar County Sheriff's Training Academy at Guerra Law Enforcement Complex, 1930 Herbert Lane, San Antonio, Texas 78227 (Ferguson Map Grid 614 D-7) To Register: call 210 335 6229 or e-mail [training@bexar.org](mailto:training@bexar.org). Attendance is restricted to peace officers and federal or military agents ONLY. Credentials will be checked upon entering the Auditorium. **THE COURSE IS TUITION-FREE!!**

### **Street Drugs**

**Officer Paul Blea, Seguin Police Department**

To instruct the student in new current drug trends to include predatory drugs and abuse of prescription drugs.

To understand the National Threat Assessment on Drugs and Drug Abuse.

The Use and Abuse of Drugs among American Youth is at an all time high. The All night dance parties and related drugs use at such, has become a health threat. Threats of Methamphetamine abuse, is higher in small town America then in the years past. The abuser has now found that drugs used in the offense of Facilitated Sexual Assaults are also using the drug on themselves to obtain a high they could not have received from their usual drug of choice. Predatory Drugs having no medicinal purpose are being abuse in a way that Law Enforcement officers are encountering abuser and not identifying the symptoms. Prescriptions Drug Abuse has certainly increased with more and more people abusing prescriptions for pleasure, rather than using the medication for its intended use.
